## CRAFTSMANSHIP

Bold design, superior materials and a unique manufacturing process distinguishes WETSTYLE. Reminiscent of European workshops of a long-gone era, each product is made-to-order in Montreal, Canada, and every design is an original artisanal labor of love benefiting from meticulous attention to detail.

## WETMAR BIO™

All WETSTYLE bathtubs, sinks and shower receptors are made of WETMAR BIO™. An industry first, WETMAR BIO™ is an eco-friendly thermo-insulating material made primarily from a mix of Mother Earth's natural ingredients—soy and mineral stone. WETSTYLE has pioneered a proprietary and code-compliant recipe that uses soy and vegetable extracts to replace the petrochemical-based resins in heavy use by the industry. In the spirit of Pure Design and Pure Craftsmanship, WETSTYLE is proud to offer the industry's purest and most environmentally friendly material.

Naturally stain- and bacteria-resistant and harder than acrylic, it offers a non-slip surface, superior strength and increased heat insulation. WETMAR BIO™ is available in True High Gloss™, Matte and Dual finishes.

## WETSTYLE, AN ECO - FRIENDLY CHOICE

WETSTYLE is staunchly green-minded in both its products and practices. WETSTYLE's low-energy footprint can be attributed to, among other things, the company's unique artisanal manufacturing process by which products are created almost entirely by hand from start to finish.

WETSTYLE's products are hand-forged locally in Montreal, Canada, ensuring that fuel and transport costs are a fraction of volume-based manufacturers who outsource production to overseas factories. Woods used in WETSTYLE's furniture collections are harvested from renewable forestry, and the company's scrupulous efficiency in production enables a waste and scrap rate of less than 1%.

High-quality materials and timeless design ensure product longevity and durability, and ease of repair minimizes waste and energy consumption.

# THE MOOD COLLECTION™

## Keyword: Comfort

An invitation to dream...the Mood bathtub is based on a pair of offset ellipses resulting in a design that says fluidity and comfort. Its silhouette creates an air of relaxation in the bathroom.

In addition to its aesthetic qualities, Mood provides maximum comfort thanks to its reclining dual backs: a sitting position that is particularly conducive to reading, and a lounge option for pure relaxation. The elegant simplicity of the Mood blends seamlessly with both contemporary and traditional interiors, with its play of shapes creating a perfect balance between a well-anchored base and more refined curves. A thicker rim on one side acts as a storage shelf for body care products.

Mood is handcrafted in WETMAR BiO™, a robust, non-slip, thermo-insulating eco-material.

Available in True High Gloss™ or Matte finish.

# THE TULIP COLLECTION™

## Keyword: Freshness

The highly archetypal TULIP bathtub carries a classic form into the second millennium, keeping the best of both worlds.

This journey celebrates the sensuality of spring as the first blooms burst forth from the ground, their silky petals unfurling into delicately curved tips.

Organic in inspiration, the flawlessly smooth volume shoots up into two distinct angles at each end, one rising slightly above. Opening like a tulip, an exquisite curve crowns the tub, inviting the body to become one with the form.

In True High Gloss™, Matte and Dual finishes, the TULIP lets bathers luxuriate in a celebration of nature.

# THE COUTURE COLLECTION™

## Keyword: Refinement

Dipping one's foot into this tub is like slipping into the folds of haute couture design. The COUTURE collection induces the bather to immerse willingly in a graceful design dedicated entirely to sensual pleasure.

The bathtub and vessel sink draw their inspiration from the fluted perfection of the seashells that dot the ocean floor. The shape, a splendidly smooth interior and a gently faceted exterior, is modernity made material. In this delicate origami, the comfort of the seated position is rivalled only by that of the more pronounced slope.

The innovative spirit of this asymmetrical concept rests on classic foundations that will ensure its timelessness.

Made from WETMAR BIO™ and available in True High Gloss™, Matte or Dual finish.

Limited edition: 2,000 units to be produced.
